

# Help a Guernsey Child

Help a Guernsey Child was established on 12th January 2001 to raise funds for deserving children in the Bailiwick of Guernsey. We actively seek to assist disadvantaged local children, young people and youth organisations, and can also meet some specific individual needs.

Below are a few examples of how we have helped organisations in the past. We are unable to provide examples of help we have given to individuals.

## North Youth Centre

The centres provide much needed facilities for young people based in the north of the island. They can meet friends, learn life skills and become self-reliant and independent individuals all in a safe and nurturing environment. Over the last ten years, Help a Guernsey Child has provided almost £70,000 in funding for both centres, providing for support workers, much needed equipment and even a minibus to help them with their Outreach program.

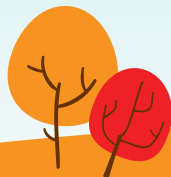

## Wigwam Support Group

Wigwam is a support group for children with special needs and their families. They provide an essential support network by parents, for parents. One highlight for the group is the off-island trip that they enjoy every couple of years when the children go to Jersey for a weekend with their parents and carers.

Unfortunately, not all members can afford this. Our grants totalling £4,000 have, over time, helped the group achieve their ambitions and helped provide really memorable experience for so many deserving people.

## Le Murier School

A donation was given to Le Murier School for the start up cost of their new sensory room. Recently we have provided a specialised trike to be used by the children at the school.
